EX PARTE REJECTED

The Court has received Respondent's Letter dated February 10, 2009. There is no indication anywhere within the Letter that a copy thereof has been provided to Petitioner. A party cannot engage in any *ex parte* communication with the Court which means that it is communication directed to the Court without the knowledge of the other party. For the Court to consider any request, both parties must be informed and must have the opportunity to respond. By not providing a copy to the opposing party, the document filed by Respondent cannot be considered by the Court.

Accordingly, the *Letter* is rejected and no further action shall be taken thereon until there is compliance with the applicable rules. It shall, however, be filed with the Clerk of the Court to ensure that there is a complete record.

All parties representing themselves must keep the Court updated with address changes. A form may be downloaded at: <http://www.superiorcourt.maricopa.gov/SuperiorCourt/Self-ServiceCenter>.
